Dear GV Members,

Our Health Care Committee and Board of Directors have established that we will wait one month after the district loosens up to begin to reintroduce in-person programming. Therefore, our programming this month, will remain online. However, we are planning some great outdoor programming for April and May. Mark your calendars for April 29 when we will attend the French Market and have lunch at City Sliders together and May 11, when we will visit the newly renovated Mormon Temple in Kensington. While you have your calendars out, be sure to save May 18, to join us at our Spring Fundraiser at the gorgeous new home of Alan and Nancy Taylor Bubes.

We were pleased that so many of you have attended the training for our new back-office software, Helpful Village. We are offering more opportunities this month for you to learn how to access our membership directory and sign up for Affinity Groups, reach out to members with similar interests, and register online for our programs. **The March dates for the trainings are- 3/8-12:00 pm, 3/10-1 pm, 3/16-7 pm, 3/25-1 pm.** For all trainings the sign in information is **Meeting ID-750-955-1044, Passcode is G!Vill2020.**

Our TED Talk Discussion this month will be held on March 22 at 1 pm. Adriana will be leading a discussion about Music and Emotion Through Time. From the opening of the Lone Ranger through the Princess Diaries movie and others, music has a staying power that influences us in many varied and unique ways. This TED Talk by renowned composer, Michael Tilson Thomas, explores that connection. Join us on Tuesday, March 22 to view and discuss our connections with music and how it impacts us.

Looking forward to seeing you at one of our many programs in March,

*Lynn*

**March Cocktails, Conversations, and Community Programs**  
**March 9 -5:30 pm-Brooke Pinto, Ward 2 Councilmember**  
**March 24-5:30 pm-Kitty Greenwald**

On March 9, Brooke Pinto is joining us to discuss significant Ward 2 issues that she is currently addressing. Councilmember Pinto will likely also discuss the newly introduced PERIOD Act, BEST Act, RECOVERY Act, and various other updates regarding public safety, education, and small business support. In addition, she will update us on senior issues in the community and share her ideas for keeping seniors engaged and involved while they remain in their own homes.

Join us for this interesting presentation, you will also have the opportunity to ask questions and share your concerns with Brooke. **Meeting ID -861 3029 9323 Passcode: 994 851**

On March 24, Wall Street Journal food columnist Kitty Greenwald will be providing a cooking demonstration to Georgetown Village. Kitty is the author of the weekly Slow Food Fast column and author of the Slow Fires cookbook. Kitty will share the recipe and list of ingredients prior to this interactive cook-along. During the presentation Kitty will cook along with attendees, while sharing tips and tricks to use in the kitchen. This program should be a lot of fun, and we will have a delicious dish to enjoy afterwards! Hope to see you there. **Meeting ID-867 1810 7032 Passcode 348 531**

**Tech Hub Presentation: Cyber Security-How to Remain Safe Online**  
**Thursday, March 17-5:30 pm**

Based on the tech surveys we received we are beginning our series of Tech Hub presentations. Almost everyone we heard from has concerns about cyber security, how to stay safe online, and how to avoid scams. Therefore, our first presentation by our Tech Expert, Chris Ferro, will deal with precisely those topics!

Chris will share insider information about staying safe while visiting websites, protecting your data online, how to spot phishing emails and scams, and answer your questions. Chris will also discuss the value of secondary email addresses and phone numbers and how to set them up. This presentation will be held online and you are welcome to call, or zoom in to get this important information.

This is the first presentation of our Tech Hub series and you will have the opportunity to share your thoughts and ideas for future programs at the end of the presentation.

Join this presentation by using this Zoom Meeting ID-**867 1810 7032 Passcode: 348531**. **To join us by phone dial 301-715-8592 and use the Meeting ID and Passcode information above.**
