

How to Access Affinity Groups

Members can access Affinity Groups by signing into Helpful Village and selecting **Village Talk**.

Go to Members -->Village Talk

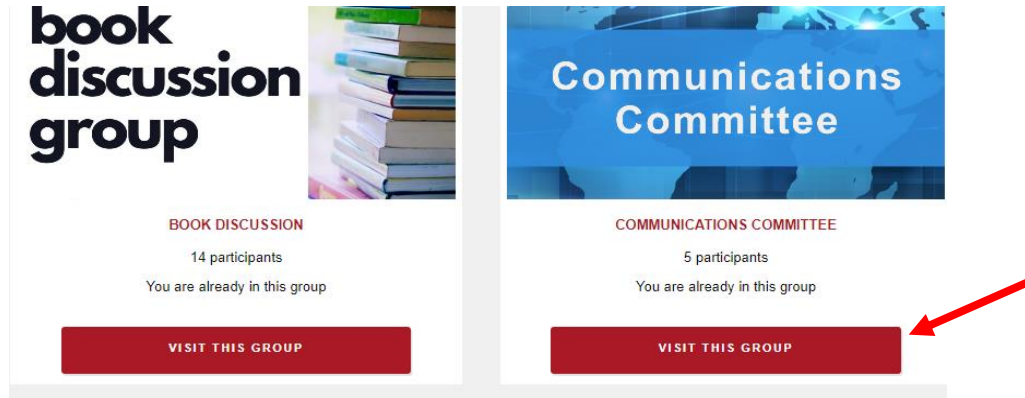

Click Interest Groups Catalog to view the different interest groups

 **Note: You MUST be an Active Member to use Village Talk.**

You can see the number of participants in each interest group. If you already make part of the group you will see the **VISIT THIS GROUP** button.

In the case you are not part of the group you will see two buttons, one the **PREVIEW GROUP** button which allows you to have a look to all conversations on that group to have a preview and a second button, the **JOIN GROUP** button to join a group.
