Dear GV Members,
Happy New Year!

We are very excited to start the new year in our new location! Our moving date is scheduled for January 3 and the office will remain closed until January 5 to give us a chance to unpack and get settled in our new location.

This location will be the first one to offer us the space to truly offer our members and volunteers the opportunity to visit and partake in onsite programming. Watch for more details to come!

We are very grateful to the S&R Foundation for inviting us into their building and offering us this opportunity to expand GV programming and member services.

Our Second Annual Town Hall is scheduled for January 22 and we plan to share more of our plans for the new space then. However, the most important part of the Town Hall is that it offers you the opportunity to tell us what YOU think! How would YOU like to see the space used? What types of programs would YOU want us to offer in our new location? Please log into the meeting and let us know your thoughts. If you are unable to attend on Sunday, January 22 at 2 pm, please email or call me with your thoughts and ideas.

Our new office address will be 1801 35th Street NW, please be sure not to mail anything to our former office address. Our PO Box has not changed, and the address remains
PO Box 3563
Washington DC 20027

Best Wishes for a Happy & Healthy New Year,
Lynn, Varnita & the GV Board of Directors

Monday-January 9
10:30 am Health Care Committee Call
Dial 267-807-9495 Access Code 190-486-505#

The Georgetown Village Health Care Committee hosts a phone conversation on the first Monday of every month, due to the holiday schedule, this month the call is on the second Monday.

Our Health Care Committee is our guiding force for keeping our members safe and healthy. They make recommendations about in-person programming and how Georgetown Village can safely offer our members opportunities to socialize. You will have the opportunity to ask the committee questions during the upcoming Town Hall, as well as on their monthly call.

This committee really wants to hear from you! Would you prefer a monthly zoom meeting to our conference call format?

We are offering these programs to help our members stay informed in important areas of your lives.

CCC Program-Social Security-Should I Worry?

Presented by Mark Nadel

Thursday, January 19 at 5:30 pm

Meeting ID 878 3208 5483 PW: 949932

In his presentation, Mark Nadel will talk about the importance of Social Security, the financial and other challenges facing the system, and the various proposals being offered to meet those challenges. Join us to find out how you might be affected by these changes.

Mark Nadel was a political science professor at Cornell University and participated in the policy process at the Government Accountability Office and as an Associate Commissioner at the Social Security Administration. After retiring from the government, he taught at Georgetown University's School of Public Policy. Mark has been on the Board of Directors at Chevy Chase at Home and is vice chair of the Board at the Osher Lifelong Learning Institute (OLLI) at American University. He is a graduate of the University of California at Berkely and received his Ph.D. in political science at Johns Hopkins University.
